March 23, 1929 - May 23, 2020

"Don't ask me where I'm going. Ask me where I've been when I get back"~Audrey1929-2020

Strongest, bravest, most generous and uniquely stubborn woman I've ever known. You are loved by everyone you've ever met. Not many people get to meet their grandkids and be apart of their lives everyday. But you were the anchor for your daughter, your grand kids, great grand kids and great great grandkids. You have also been adopted by many along the way as "Grandma" to anyone who needed one. We lost a real one. This world is not the same place without you. Have an amazing time my love, until we meet again ??
Dance in heaven my Angel
