

Barbara Fick

February 25, 1938 - December 24, 2024

Barbara Fick passed away on Christmas Eve at 2:20pm in Sunrise Hospital from complications of Covid. We felt that Barbara left us at this time because she soulfully yearned to be with her husband on Christmas Day. Barbara was the beloved wife of James in a marriage of sixty-eight years. James passed away earlier this year in January. Barbara faithfully believed that one's Spirit lives on after the body dies, and that the Spirit returns to God, the giver of all life. Barbara was extremely proud of her career as a Registered Nurse for thirty-five years at the General Motors Company. Barbara had a unique personality in that she was exceptionally adventurous, while at the same time she was realistically down-to-Earth practical.

Barbara left us with two philosophies of Life. First, she said Life has so many wonderful opportunities, and that we should "Take the best, and leave the rest." Second, and more important to remember, "It is not the destination... IT IS THE RIDE."

We will miss you . We all love you so much! Till we meet again. Patricia, Aaron, and Adam.
