### Afterglow

I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when my life is done. I'd like to leave an echo whispering softly down the ways. Of happy times and laughing times and bright sunny days. I'd like the tears of those who grieve, to dry before the sun. Of happy memories that I leave when life is done.

“*Too many good memories to count. Some of the best moments in my life were shared with Brian. At my wedding, that crazy drive to Brian Head where we got stuck for like 15 hours, countless nights at Homebase...and so many more. The last message you ever sent me was "I love you for ever and ever brother." Well, right back at you, Brian. I'll miss you and love you forever, brother. - Landon*

“ *Brian, hearing the news has hit hard through Landon and I. You were our best friend, roommate, brother, PIC, and pure joy to be around. I'm so sorry you were in pain and I didn't know. I hope you found your peace on the other side. I'll think of your laugh and infectious smile always. Love you forever and ever my friend.* 🙏🏻👍
