“ Charlie, I heard some sad news, that you left this earth. We have been good friends since the day we met. I just want to state how much our friendship meant to me. When you were struggling you knew you could call me and talk or I'd come pick you up and drive you where you needed to be and listen to you. I was honored to be that kind of friend for you. You were that kind of friend for me too. I knew I could count on you for anything. You would always fix my VW when it needed it, you gave me rides, you even gave me your car for a week in hs when you went on a trip. I put way too many miles on it but you didn't complain. I still have the note you dropped in a coffee can with a parachute to me from an airplane you were flying up by Red Rock. It was so sweet. You even got in big trouble for doing that. Even though we didn't see or talk much after hs, we both knew that we had a friendship bond to always be there when needed. I hadn't heard from you in about 15 year when you called me out of the blue. You said you had heard that our town got flooded pretty bad and you wanted to know if me and my family were OK. That really touched me that you would think about reaching out. I wish you had called me before you left or at least when we talked several months ago so I could tell you how much I've appreciated having you as that kind of friend for over 52 years. I'm going to miss the fact that you aren't around where we could talk any ole time we need that friend. Through my tears I'm smiling a bit to know your with those who love you. May you be welcomed and feel their love and may you now feel peace. Until we meet again, I love you my friend. Maxine

“ You were one of my best and longtime friends. You were a kind, generous, gentle person. I valued our friendship and am glad I let you know that before you left us. Rest easy Charlie. You are missed and loved.
