“ Darrell was such a happy, thoughtful, generous and kind man. I met him through one of my best friends, Diana. Before I relocated from Las Vegas to Florida in 2016, Diana compiled items that represented a history of our great friendship and Darrell constructed a stunning wooden box in which to organize them. It hangs on my bedroom wall and is truly the most beautiful keepsake I've ever received. Since that time, I've visited Diana and Darrell every year and their hospitality has always been unbeatable. Lastly, I so appreciated the kindness he showed to my mother - She really enjoyed him. Darrell, I will miss seeing your smiling face and hearing your hearty laugh.

“ At age 90 I'm thankful I still have a very clear memory. As Medical Director for the NTS for 18 years, one of my best memories are the dedicated crew that made my job easy AND VERY PROUD OF THE MISSIONS ACCOMPLISHED. Darrell was an outstanding human being and a very accomplished paramedic. His decorated service to our country and his fellow human beings can never be expressed in words; truly an honor to have known him. When an architect passes away, he leaves buildings. When a musician passes away, music will be his memories. When a medical care giver passes away, some will remember his/her gifts to mankind and thousands of others will never realize who made their lives better. Darrell's family can truly be proud for his heartfelt gifts to human kind. His current photo reminds me of Burl Ives and his signature song, "HAVE A VERY JOLLY CHRISTMAS". It's never easy to accept a loss. Hopefully, the good memories will ease the challenge. Sincerely, Doc Len Kreisler
