

## David Roger Howell

February 17, 1953 - April 11, 2018

Dave was such a funny, loving caring person, who loved me with all heart his and I loved him , he was my baby boy even after 44 years of marriage. The thing that bothered Dave a lot being ill, he would see somebody needed help with their car or needed some type of work done....but he was too weak and sick to help....Dave is in the Kingdom of Heaven now, so I'm happy he's ok....I miss him so much but he truly is in a better place for him now. I love my baby boy!

VL

“ He may not be with us physically, but he is forever in our hearts. Dave has touched hearts on earth, that may never knew his name, yet will forever, to this day remember the big man that took his time to give them his undivided attention. Dave truly listened to them, & made them feel that not only did they matter but what they had to say mattered too. Even if he met them for moment in time, to get them a meal to eat or a warm place to sleep, or a home for their pup, guaranteed they recall & still have stories to tell about this man that forever touched their soul. Thinking of you on this birthday & wanted to say Hey. Love from Victoria.
