

Dr. Mitchel Earl Phillips DO

September 16, 1947 - May 24, 2024

Job 19:25-27

But as for me, I know that my Redeemer lives, and he will stand upon the earth at last. And after my body has decayed, yet in my body I will see God! I will see him for myself. Yes, I will see him with my own eyes. I am overwhelmed at the thought!

To Dr. Phillips

As you pass through this life, people come, and they go. But when life beats you down you can't help but know, that God sends you someone to carry you along. Until that time comes you can do it alone.

In the form of a doctor - it was for me, in addition to that - what friend he would be! He understands everything and he's always there. There's never been a time when I thought he didn't care! One thing I think of so many times. Does he know the impact, really, that he has on my life? Dr. Phillips has been there through the worst of times. Overworked and tired - he always takes time to listen to me - no matter what. I never feel foolish if my complaints aren't much. So very lucky, are people like me, that when life seems too much to bear, God says:

"Go 'round the corner

You'll find Dr. P waiting there!"

“ *Heaven has received a bright star! I just found out about Dr. Phillips passing from his patient and shared I too was his patient a while back. So kind and competent, great office for medical care too. The Valley is a lesser place without him. Condolences.*

“ *Dr. Phillips was mine and my family's doctor for over 30 years and really what can I say but that he was just the best doctor anybody could ask for. He was a good man just trying to help the people he cared for. Rest in peace, Dr. P. You are and will be truly missed!*

“ *I so loved Dr. Phillips. He was our doctor in Las Vegas and even after moving to Utah 14 years ago, we have kept Dr. Phillips as our primary care doctor all these years. He was a kind, special doctor who took his time with his patients and really got to know us. One of a kind. RiP my sweet doctor.*

“ I just found out about you passing. Dr Phillips has been my doctor since the mid 80s. Whenever he moved his practice I was right there following. He was the most kind compassionate, attentive man who took the time and listened. I moved away to So Cal over 2years ago and when I visited last January he wasn't in. I wanted to thank him for being my doctor. You couldnt ask for anyone better. As I write this I'm in tears. I will never have another doctor as good as him. My doctor and my friend. We joked that we were growing old together. RIP

“ I am saddened by the loss of one of the best old school physicians in Las Vegas. I eas a patient of his. He gave his time and medical expertise in every visit. It built trust and I had full confidence knowing that I was being treated by a competent and compassionate Doctor. He will be missed. You have gone to a Perfect place! May those you have left behind take comfort in knowing where you are.

“ Dr Phillips was my Primary Care Physician. My husband Tom and I have never met a more caring doctor in our lives! He will sit with you, all ears and ask you questions about everything that's bothering you. Tom and I never felt rushed. I used to tell him that he was my favorite doctor and it never failed to make him blush. I'm still going to say that he's our favorite doctor and he will always be! They broke the mold when God made him! Thank you, Dr Phillips, for being so kind and caring to me and Tom! Praying for the eternal repose of yourv soul. May God keep you in the palm of His hand, Sir!

“ My husband and I were patients for 30 years. He was such a caring doctor as he always took as much time as each person needed. We knew he was a wonderful, superior Doc and recommended many others to him who were also very satisfied. We moved away from Las Vegas almost 8 years ago and we are still looking for a comparable doctor in northern NV. He was one of a kind and will always be remembered and missed!! Linda & Steve Garver

“ I just learned today. A valued Doctor, Mentor & Human Being. You have made your legacy by your contributions to others. I am blessed, having found you 22 years ago. Thank you for taking care of me. Unlike I had ever experienced. Thank You Doc P
