Now as you set before me and view but a shell, a couple final things to you, I would like to tell,

TO MY CHILDREN (I say thank you)

I may be far from this earth but ALWAYS in YOUR heart, don't cry of my passing just know you did YOUR part, now it's up to the father that sets high above, to comfort me and show me his true agape love.

Thank you for your love and for all your true commitments, thank you for loving me and letting go resentments

Thank you for being that very special one, and thank you for my going home celebration. Such a job well done!

Eternally... Mom & Dad
