Afterglow

I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when my life is done. I'd like to leave an echo whispering softly down the ways. Of happy times and laughing times and bright sunny days. I'd like the tears of those who grieve, to dry before the sun. Of happy memories that I leave when life is done.

“ My God, I am mourning a true Gentleman and friend in Mr Gene. My Name is Tracy "Tray" White a Black man who knows no color boundaries. Mr Gene was one of the great ones. He loved openly, honorably and admirably! We always laughed and found value in any time we spent together. Gene supported me efforts to repurpose and give back to the community. Anytime there was someone he knew who was downsizing or getting rid of good items he would connect them to me so that we could schedule a pick up and repurpose those items. I am saddened because I miss my Buddy and his pearls of wisdom and mentoring that he gave me. He would always tell me I am a good man and God will see to it that I be blessed. I am blessed. Blessed to have know him and experience his friendship. Blessed to have seen him never make excuses for doing the right thing. My love, respect and helping is forever extended to his loved one and friends. May my beloved Friend Gene L. Jacobson Rest Beside King of Kings forever in Peace ❤️❤️❤️❤️❤️❤️❤️
