### Footprints in the Sand

One night I had a dream. I dreamed I was walking along the beach with the Lord and across the sky flashed scenes from my life. For each scene I noticed two sets of footprints in the sand; one belonged to me and the other to the Lord. When the last scene of my life flashed before me, I looked back at the footprints in the sand. I noticed that many times along the path of my life, there was only one set of footprints. I also noticed that it happened at the very lowest and saddest times in my life.

“ I lost track of you sometime during school I guess you moved suddenly. I'll always remember you inviting me to a huge birthday party you had once and there were so many kids there I didn't know. You had a huge M.A.S.K. Collection I was very envious at the time. Cool little toys. You were a cool dude and I've thought about you often over the years wondering whatever happened to you. Rest in love my dude.
