Karen Ann Goldfeld, 61, passed away on January 28, 2019

When I think of Karen I become even more present, my heart swells, I feel a warm, almost tingling unconditional Love and conscientious Acceptance. Karen taught through actions. I could always count on her to listen with an open heart and direct me back to my own center. She accompanied me through my feelings of shame and insecurities and helped me connect and Trust the Power of Love and the Universe. Even through her challenges, she believed everything happens for a reason and All Is Perfect Now. Her deep loyalty and commitment to her Family, Chosen Family, and Spirit, was always encouraging and inspiring to me. She touched so many, so profoundly, in health, and even in spite of her own suffering. She was my favorite teacher and although her physical presence is deeply missed, she continues to teach me beyond the physical and for her everlasting presence, I am eternally grateful. Karen is a truly radiant, benevolent, and beautiful Soul and will continue to live on in the hearts of All who were fortunate enough to know her. Thank You Universe for giving us Karen.
