May the road rise up to meet you, May the wind be always at your back, May the sun shine warm upon your face, And all the rains fall soft upon your fields, And until we meet again, May God hold you in the palm of His hand.

“ My Brother, As I'm writing this it's hurting me deeply. I think of all the times we spent together growing up as kids playing and bothering each other. It was always you and I together me playing with you out in the yard with all your cars building towns and roads. I would do anything right now to go back to those days to have you here, I'm hurting so deeply inside. As we grew the love of us being Brothers was there but the time spent was not because I was always leaving and I regret that to the fullest. But as we grew into men and had the kids that time we spent apart brought us back together. I named you the God father of Mercedes and you named me the God father of Tee-Tee. We always had are problems as Brothers but when you needed me I was always there and that's what I'm gonna miss the most TIME. My Brother, I got Tee-Tee even though your in heaven looking down watching us. I got the family but every now and then I'm gonna ask you to give me the strength to make it threw and when I feel that wind pushing me in the back I know it's you giving me that extra push... I love you my Brother and you will for ever be in my heart and always will be missed. Your Big Brother, Artie...
