“ I met Larry through his brother Dennis. There house was like my second home for about three years during middle school years. Larry use to chauffeur Dennis and I around since he was a couple years older. When my folks would not buy me a 22 rifle Larry sold me his for 12 dollars and I still have to this day and use it to teach hunters safety classes. Larry also worked with my Mom at Atkinsons. I worked for Larry at Kaines mfg in the summer of 1966 and he helped me build parts for a dune scooter. We will miss him. He had a great sense of humor and was always willing to help you out.

“ So many good memories of time spent with your family when we were younger and you all lived in Tamarac. One thing I remember is that Larry always had a smile on his face when he was in the presence of his girls. He cherished you all so much, it was evident. Love and prayers to you all as you celebrate his life and keep the memories alive. Know that he will always be with you all, especially sweet Leighton. God Bless.

“ High school graduation sent us in many directions but when I returned to MI and attended a Pere Marquette Township board meeting, there was Larry on the board! He greeted me warmly, like a long, lost friend & we had a great visit. He talked of family activities and I think was amazed that he had gone skiing with a grandchild??? I'm sure many other people share kind feelings toward Larry. He will be missed.
