“ Leah was a kind person and I respected her. I worked for her toward the end of my career. Never heard her say an unkind word about anyone. She was a strong woman and even when dealing with a difficult client (not that often) you never heard her raise her voice, but she stood-up for her herself. Her clients loved her and were very loyal. Just like her eulogy she loved rock music and her animals. I tried to get her to listen to more hardcore rock, but she wouldn't stray from her category. It was fun to try. :)
