

Lois Stallworth

May 30, 1924 - June 17, 2025

Lois Stallworth was born on May 30, 1924, in Alabama to Enoch and Georgian. She had two sisters, Mary Lee and Annie Lee Ford, and one brother, Theodore (affectionately known as Teddy). During Lois's early years, her family moved frequently, eventually settling in Pensacola, Florida, where she spent much of her youth.

It was during this time that she met and fell in love with Johnnie Van Stallworth, who served in the U.S. Navy for six years. The two were married on February 21, 1942, beginning a loving union that would span decades.

Lois and Johnnie were blessed with eight children. Sadly, two sons passed away at birth. They later raised five sons—Johnnie Van Jr. (Van), Algernon (Al), Robert (Bobby), Anthony (Tony), and Andre—and one daughter, Vera.

In 1946, Lois and Johnnie moved from Alabama to California with their two oldest children, Vera and Van, where they purchased their first family home. Not long after, their first cousin Mary Maurice came to live with them at the age of 15. She was embraced as a big sister by the children and remained with the family until she married Orvill Anderson.

Lois worked for many years at Rose Marie Swimwear. Determined to further her education, she attended Adult Night School and proudly received her high

school diploma on August 8, 1963. Later in life, she chose to be a stay-at-home mom—a role she embraced wholeheartedly. She loved to cook, nurture her family, and share her deep faith. Lois was a devoted member of Greater Pearl Baptist Church and took great joy in serving the Lord.

Johnnie Stallworth passed away in 1971. Years later, Lois met Henry Kane in California. They married in 2003 and eventually relocated to Las Vegas, where they bought a home and built a life together. Henry passed away on July 17, 2021.

Lois lived a life marked by love, resilience, and unwavering faith. Her legacy lives on in her children, extended family, and all who were blessed to know her.
