He Only Takes the Best-Female

God saw she was getting tired and a cure was not to be, So He put His arms around her and whispered "Come with Me". With tearful eyes we watched her suffer, and saw her fade away, although we loved her dearly, we could not make her stay. A golden heart stopped beating, hardworking hands to rest. God broke our hearts to prove to us, He only takes the best.

“ Today is 1/1/2022. I am reading the beautiful amazing tributes to my cousin Lorraine. We know each other through different prisms and it is incredible to see the remarks from her colleagues and friends. I remember the day Lorraine was christened. Strange what we remember. Her mom, Aunt Steph, made the best cheese mashed potatoes. I remember how excited my mom and aunts were when she married Rex and how happy they were to be at the wedding. All the vacations my dearest uncle frank and aunt Steph took with my mom and the siblings. Lorraine was so looking forward to bringing Frankie to Pennsylvania to see where she was raised. It was going to be a mini family reunion. Then Covid happened and my Mom died in the nursing home, Aunt Steph had passed and God's plans were different. See you on the other side dearest cousin.

“ Dear Rex & Frankie, I send you my deepest & sincere condolences for your loss. I am so Grateful & honored to have known Lorraine, as as one of our next door neighbor. We moved into our new home in Dec. 1989. Since then we remains friends until now. Late 90's Frisbee moved to Las Vegas. But we stay in touch over telephone over the years. She would ask me how we are doing, what my children are studying. She got very happy when they got admission in college of Engineering. She loved education & encouraged everyone to go for education around her.

Lorraine, Graduated from Arizona State University with Master in Science in Physics. She was a brilliant student. She was very loving, warm & Kind person. After I graduated from ASU , she always encouraged me to look for Job within my field. After work she will come to our home how is my resume look like. She will be checking my resume, I came from South East Asia, I was not good with English. She always encourage me that you eared your degree in Biochemistry & Neuroscience, society have a need for your back ground people. She was so happy when I got my 1st job. Every day after work she will come to our home or I will go to her home. We always got invitation to her home when Lorraine's parents used to come to visit Chandler home.

We saw her so happy when Frankie was born. She was so excited when Frankie will be starting college. She told me which University Frankie was applying. Lorraine wanted Frankie to attend ASU, in Tempe, Arizona. For some reason Frankie attended Nevada University. Frankie was born in Oct 4th. 1995, I believe. Frankie was born exactly 12 years after our oldest son was born. Every year I called Lorraine on Oct. 4th. We always talked for an hour. This year I tried to call Lorraine to wish Frankie happy Birthday, I could not able to connect. Since pandemic started I have not talk to Lorraine. I told my oldest son. Sharif told me he will find telephone number so I can talk to Lorraine. Sharif called me & told me there is a sad news. Lorraine passed away, this year.

I fell down in the ground.

Lorraine, Inspired me, encouraged me, touched my heart & soul that words can not describe.

*I pray to God to give Rex & Frankie , & the family to give peace & strength to get through this Difficult time.

“ *I had the pleasure of working with Lorraine on various housing counseling and HUD Exchange projects over the course of the last several years. I will remember her as a friendly voice on the phone, an effective leader, and a calm presence in the face of complicated projects. It is evident how much of a friend and mentor she was to the OHC community and she will be greatly missed! My heart goes out to you all and my condolences to Lorraine's family.*

“ I have worked with Lorraine over the last six years. She directed much of my work as a contractor to HUD. She was kind, thoughtful and lovely every day we worked together. She pushed me and my team to constantly improve, driving us to make the best products possible for HUD clients. Her deep knowledge and thought leadership in the housing counseling program was extremely well-respected. When Lorraine spoke up at meetings, we all listened. One of my favorite comments from Lorraine was her calling me a good "sounding board". I tried my best to give Lorraine my best advice as a consultant but understood if she wanted something else. Her comments made me want to offer something better, more helpful to our HUD clients.

She was such a bright star and the kindest person. My heart is breaking for you all. Sending love and prayers from Ohio. 🌸

“ My heartfelt prayers and deepest condolences are with your family in this challenging time. I was blessed to work with Lorraine for many years and to be mentored by her. Her colleagues and those who knew her can bear witness to what a wonderful and exceptional person she was. Above all, you, her husband and son were her heart and source of inspiration. May peace be with you during these difficult hours and days ahead, but may you find solace in knowing God shared one of his greatest gifts with you...."Lorraine".

“ I met Lorraine through work almost 15 years ago, but feel as I've known her for ages. She had a way of making people feel special and included. She would ask people how they and their families were doing. She had a beautiful soul and a kind heart. Although I'm sad and heartbroken with her passing and not being able to see or talk with again, thinking of her will always be with love and will bring a smile to my face and a warmth in my heart. Richard and I will miss her. My condolences to Rex and Frank and family.❤️

“ Rex and Frank: Please accept my deepest condolences for the loss of a beautiful woman ,friend , wife and mother. May the Lord heal you in this difficult time. Lorraine was more than a supervisor for me, she was family. she inspired me, encouraged me, touched my heart and soul in a way that words can not describe. even when her plate was full she went over and above and reached out in email to check in on us. I am so very sorry for your loss, but her spirit will live on in all of us. In Jesus name, I pray for healing and that Lorraine will rest in peace. <3 hugs, Annette Panasiuk - OHC- OCB

“ Lorraine is the most compassionate caring person I know. I learned so much from her. My favorite thing about her is how she ALWAYS validated your comments during team meetings. Even when I said something stupid, she would say that's a good point and she would try to figure out how to include my comment in the discussion. She made me feel valuable and important to OHC and I appreciated having her as a boss. We had some good conversations about our kids and how awesome they are when they do what we tell them to do. It has been my pleasure and my benefit to know her, and I will miss her greatly. I know she is in the hands of God now watching over all of us. I pray God gives Rex, and Frank, and the OHC family peace and strength to get through this difficult time.

“ Although it seems like I've known her forever, I met Lorraine through work close to 15 years ago.

Lorraine had a way of making people feel special and included. She would ask people how they and their families were doing and be sincerely interested in your response. “ Lorraine was a very nice, smart, and personable person. When we travelled for OHC meetings and trainings, I would always stay at the same hotel as Lorraine and we always shared taxi and other local means of transportation together as well as Rhonda. As a result of being at the same hotels, we shared meals together. She will be missed. I will keep her family in my thoughts and prayers.

“ Throughout our lives people come and go, some for only a moment and others for a lifetime. I knew Lorraine for only a moment, but my life was forever changed in knowing her.

She was my supervisor, my mentor, and friend. I found comfort in her patience and calm and I admired her resolve in finding the good in everyone.

It was a great privilege to know Lorraine and her spirit will live on through all of us whose lives were changed by her kind and caring nature.

As I say so long, thank you Lorraine for making a difference.
Rest in peace my friend.

“ My condolences to the family of Lorraine Griscavage-Frisbee. My thoughts and prayers go out to you in this difficult time.

I was privileged to work with Lorraine when I was working in the HUD Las Vegas Field Office in 2013-2014. We continued to work together ever since and she visited the HUD Honolulu Field Office on several occasions. Every time we interacted, she left an impact on me, the Honolulu staff and the housing counselors she met with. She will be greatly missed.

“ I met Lorraine while working as a housing counselor 2008.

In 2010 I started working for a federal court and her office was in the same building. we started doing lunch together about once a week and those lunchtimes morphed into a wonderful friendship. Our dinners out to catch up were my favorite times though.

She was such a good listener, so supportive and genuinely cared for her friends. We are both an only child, that gave us something in common that not too many people we encountered shared.

In 2018, I accompanied her on a trip to Hawaii, my first time there, she showed me the sites that she loved so much. I will never forget that trip we had the most amazing time in paradise. Lorraine was truly blessing to Anyone she considered a friend. My heart aches for Rex and Frank.

*I wish we had more time,
I will miss her, always.*

“ Lorraine was a HUD bud and a first principles type of person. She recognized the importance of an outsider perspective and always tolerated my incessant, "but why?" questions. Lorraine was tolerant, respectful, kind, and intellectual at work. I didn't have the privilege of knowing her outside of work, but I thought you, her beloved family, should know that she touched even those of us on the periphery. May Lorraine rest in eternal peace and may God grant you peace and healing.

“ I too, as everyone else, was heartbroken when I learned of Lorraine's passing. Lorraine had been my supervisor for a number of years. Besides being very knowledgeable, she was also very kind and understanding. I enjoyed our monthly calls, as we would spend 95% of the time catching up on our personal lives, and 5% on work topics :) Lorraine and I became closer as friends, when we both lost our Mom's only a week apart. We leaned on each other for support during that difficult time. One moment I will always remember, is the last time our work group got together in June 2019; only a couple of months after losing our Mom's. As soon as Lorraine saw me; she came over, and as she was hugging me, cried " I miss her so much". As I felt the same way about my Mom, we cried together. It was then I felt a closeness with her. Although I could not exchange any " kids" stories with her in our conversations, we had many discussions about our Mom's and our dogs. I remember the worry she had for Lucky her dog, during his illness and passing. Lorraine was a kind and caring sole, who cared about everyone in her life, and made you feel like you mattered. I know she is now in heaven with her Mom and Lucky, but it hurts for those of us that miss her so much.

“ I have worked at HUD (Philadelphia HOC) since 2006 and knew of Lorraine but finally really got to know her when we worked together on a team as the Office of Housing Counseling was being developed. Lorraine was one of the good ones and I was so very sad to hear of her passing. We had many great chats over the years about our kids - my girls are a couple of years older and younger than her son. She was a dependable, generous, go-to person who I knew I could contact when I had housing counseling questions. My thoughts and prayers are with her co-workers in the Office of Housing Counseling and, especially with her husband and son.

“ Dear Rex and Frank, I know your heart is still tender from your loss of a beloved wife and mother. Her friends and colleagues will remember where there were and what they felt when we learned of Lorraine being called home to heaven. There are too many adjectives in the dictionary and yet not the perfect one to describe how beloved Lorraine was by those she worked with and the positive impact she had on our personal and professional lives. There are many holes in the hearts of her colleagues in the Office of Housing Counseling. I feel fortunate to have also had a friendship with her. In her short life she had an impact and made a difference in so many lives. I will thinking of you Lorraine the next time I go to Peking Gourmet. Sending chocolate hugs to you forever!
