

## Margery Lee Warden

June 22, 1935 - November 13, 2022

This week Marge Harris Warden passed to a better place. She had been suffering for years from COPD and a newer diagnosis of Congestive Heart Failure. She lived alone up until 4 months ago when she went in and out of the hospital and into an assisted living facility. Unfortunately, she didn't get to enjoy it much as she just got weaker and weaker. She leaves behind 3 children and 1 step son, 11 grandchildren and 14 great grandchildren. Marge was from Northern Nevada (Genoa) and the Oakland area in California and told fun stories about visiting her dad who used to live near Lumbard street in San Francisco. She had seen great changes in the world in her life time and at the end was fluent in Instagram and apple products. She loved to fill her visitors in on what her grandchildren, great grandchildren and others she followed were doing. She loved being connected. She and her husband Gary Warden, served a mission for the Church of Jesus Christ of Latter-day Saints in Boston and served two other service missions on Whidbey Island, WA and Las Vegas, NV. There will be a memorial service Saturday morning at the Discovery Park Ward building 5975 North Clayton St. at 11 am. The burial with a short service will be Monday at 8am at the Veterans Cemetery in Boulder City. In lieu of flowers please send a donation to the Veterans.
