PEACE = Positive, Energy, Always, Create, Evolution

I sit and wonder, how can the teacher be tarty. The Principle has called home a magnificent woman, scholar and leader- The glue that held this together we call life. Selfishly I must reflect on the many times that through her insight and guidance it was that glue that bind our relationship when so many broken pieces of my own self was shattered and scattered in many dark places. Never was I denied that counsel- And I thank you. The Principle has summons you to begin your next journey/assignment. And I'm quite sure you will ace any test set in front of you. All along continuing to have that thirst, that zeal for knowledge all the while using it to help guide us here in the physical world. Personally I know you are with me every day. I also know you are proud of the way we are handling your transition. You are at peace now! Your travel will no doubt be a peaceful one. The Principle has summons your righteous energy...Love you, Boots

“ *Hey Little Nia, When I started this process, I realized I could write a book! Write about all the talks and walks we shared together on this journey called Life..... I could share the memories of all the ups and downs, the laughs, the frowns.....The memories.I remember us saying to each other, keep it simple with meaning, and so I will.I Miss You and I Love You little Nia.Sleep with the Angels, Sista' Friend....With Love,Hannah, Hannah Head. “ *Grandma Nia, my grandmother in love, my grams! Boy do I miss you. The most honest, loving, caring, give it to you how it is grandmother I know. I appreciate the wisdom and knowledge that you not only instilled in me and your grandson, but also your great grandsons. Junior is definitely missing you so much. He misses your pancakes, your park days, and just hanging and checking in with his granny. Omari misses you having his back no matter what. Lol. This is what grandmothers do. I miss our hours-long talks about life, you have really taught me a lot. Remember what I always told you grams "Corte and I hear and listen to every word and advice that you give us". Now we can live on with you in us. Thank you Thank you Thank you! We miss you and love you. Your granddaughter, Vette*

“ Lin....the morning my phone rang at 4:38am on 8/1/21, I knew it was not gonna be good! You are so missed by everyone that knew and loved you, my cousin!!! Your spirit was great and your wisdom was always inspirational...(and my favorite....you never bit your tongue!!) LOL!! We had some very "interesting" talks for which I will always treasure. You are now with many family members of ours and friends that left before you. I know they have all embraced you and are guiding you through this transition. I love you Linda and will always keep you in my heart
