Footprints in the Sand

One night I had a dream. I dreamed I was walking along the beach with the Lord and across the sky flashed scenes from my life. For each scene I noticed two sets of footprints in the sand; one belonged to me and the other to the Lord. When the last scene of my life flashed before me, I looked back at the footprints in the sand. I noticed that many times along the path of my life, there was only one set of footprints. I also noticed that it happened at the very lowest and saddest times in my life. This really bothered me and I questioned the Lord about it. "Lord, you said that once I decided to follow you, you would walk with me all the way, but I have noticed during the most troublesome times of my life there is only one set of footprints. I don't understand why in times when I needed you most, you should leave me." The Lord replied, "My precious, precious child, I love you and I would never, never leave you during your times of trial and suffering. "When you saw only one set of footprints, it was then that I carried you."

“ If Roses grow in Heaven, Lord pick a bunch for me, Place them in my mother's arms, And tell her they're from me. Tell her I love her & miss her, And when she turns to smile... Place a kiss on her cheek, and hold her for awhile. Because remembering her is easy, I do it every day. But there's an ache within my heart, That will never go away..... I miss you so much Amma, even though I know you are in a better place with Archi and Seeya. Until we see each other in Paradise , rest well momma.

“ Rukshie and everyone near and dear to Aunty Nimmi, I am so sorry for your loss. Rukshie you know what Aunt Nimmi meant to both Natasha and me. She was such a special lady. Caring, loving and a mother to all who came to her home. We met you all quite by chance...we would ring the door bell and make a dash for it. I blame Tasha, she was the culprit, but I am thankful as well because we became friends for life. When my mom was sick, aunty took care of us and made sure we were well taken care of during a very difficult time. She had a heart of Gold and an infectious laugh, I can still hear her laughter and see that beautiful smile. Her kindness and generosity will never be forgotten. Rest in peace Aunty. We love you. We will carry with us your gentle spirit and hold dear the wonderful memories we shared at Hill Street.

“ Dear Rukshini, Words can't explain , as I too have just lost my own mother. What I do know , our mothers traveled similar paths and wrestle with the devil himself. But they raised beautiful children. You were your mother's pride and joy ! She didn't say it often in words , but she showed it in other ways. There is nothing you could've done differently. You loved her in all her glory . She is beaming down on you and those beautiful children and wonderful new grandbaby. Remember the moments that you had with her and know she is very near.Love you, Bertha
