“ I just heard the news and I'm completely shocked. Me and Ryan became friends back in 2011. I remember watching him and his wife Catherine and I remember him wearing the cheese head I thought he had a great YouTube channel. And we were friends for a long time unfortunately I was having so many personal issues in my life. We had a bit of a falling out, but I always remembered him and I always wanted to reconnect with him and make things right and though I may not be able to do it in this life, I hope to be able to do it in the next life because he was a great friend and a great person. And he had a wonderful personality. And he was always very generous and willing to take the shirt off back to help anyone. I will miss you my old friend and I hope to see you in the next life. I just want you to know what you meant to me and how you're passing is not something that I take lightly I will remember you for the rest of my life rest easy and stay gaming up there in heaven I know you'll still be catching a bunch of Pokémon friend love you buddy

“ *In loving memory of a wonderful father, uncle and friend. We will love you and miss you always. I wish I had the chance to have told you that you are one of the father figures in my life. I will always remember the Pokémon go tour trip I went on to see you guys in Vegas out of all my trips I have had that is by far my most favorite one. Thank you Ryan for always checking in on me especially the days that I felt I had no one there.*
