

Sandra Lorraine Lee

June 18, 1955 - February 26, 2024

Sandra "Sandy" Lee was born on June 18, 1955 in the beautiful Pacific Northwest. She grew up with her brothers, Randy and Jeff, as a joyful spirit always learning new things about the world. She was accomplished at a young age, being the first woman to be hired on as a Courtesy Clerk at the local QFC. Working there for years, she finally met the love of her life, Victor. Exploring life together became their passion, which sparked their desire of experiencing different cultures and incredible parts of the world. They fell deeper in love and eventually joined their families as one in 1993. In 2006, they moved to Las Vegas, NV, and Sandy began a new, successful career with Howard Hughes. She was a beloved member of her Home Owners Association, as well as her ARC community. Sandy lived the rest of her years admired and adored by all who surrounded her. She was vibrant, full of life, and her joy was contagious.

Sandy loved bright, beautiful colors, shopping for shoes, and sunbathing on Sundays while listening to her favorite songs on her iPod. Sandy loved her hummingbirds and fed them religiously. She called them her babies and loved them so.

She is survived by her three daughters, Dawn (Eamon), Cara (Nick), Kimberlie (David) and sons Chris and Brandon. She also is survived by her grandchildren, Jocelyn, Elizabeth, Lucas, Cohen, Ryder, Max and Gage.

You can find and feel Sandy's spirit in pastel pink sunsets, vibrant yellow wildflowers, and even more in the flashing of a hummingbird's indigo and emerald wings.

Her love is always with us, encouraging us to live fully and with gratitude for the beauty all around.

In Loving Memory,

Tribute Wall

EC

“ You were so kind to me in the short time that we spent. You are my one and only Mother-in-law. I will miss you forever. I love you.

Eamon Collier - March 07, 2024 at 03:52 PM

DL

“ Mom, thank you for being my best friend. I will cherish our conversations and times we spent together. Go be at peace with the love of your life and I will think of you everyday.

“ While the time we spent together as colleagues at Howard Hughes was too short, I will always remember Sandy as a lovely, always well-dressed, "polished" woman with a big heart. Deepest condolences to her dear family and friends. May she Rest In Peace.
