## Afterglow

I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when my life is done. I'd like to leave an echo whispering softly down the ways. Of happy times and laughing times and bright sunny days. I'd like the tears of those who grieve, to dry before the sun. Of happy memories that I leave when life is done.

“ Steve was an amazing person with a heart of gold. He was fiercely loyal to God, his family and his friends. Extremely competitive and never shied away from a challenge. He appreciated who a person was inside and never cared about what they looked like on the outside. Steve, my friend, you are loved, you are missed and we will never forget you.

“ Steven. We never achieved your telecommunications goals with your companies like Packetswitch, but neither did the NSA! We will continue Steves work to make peace and end poverty around the world! See you in Heaven!

“ *Steven will continue his journey with us. If not in body then surely in spirit. Steven's objective was the betterment of mankind. Ultimately, the knowledge he shared and the foundation of the future he envisioned has been delegated to his friends.*
