“ My Aunt Susan was a light in my childhood and later a light in the lives of my children. When we came to visit grandma and grandpa she always made sure to do something fun with us kids. We loved going to the Wet n' Wild Water Park and visit her apartment that had the "Garfield room" that was full of Garfield memorabilia. She was so generous with her time and affections. As I began to have a family of my own she was always mothering my children and giving them little gifts. She made it a point to join us for several holiday celebrations including 3 of my children's baptisms. As I approach the 1 year mark of her passing I can't help but take time to reflect on the wonderful life she led and the many lives that she touched.

“ So sorry to hear of Susan's passing, I am Frank Clark (wife is Mary) we remember her from the days Back in Nashua. I was a co worker and golfing partner of your Father and also remember your mother very well. One of the boys I think Steven caddied for me a few times. I was always impressed with the Blais family and how well you all got along. My condolences regarding Roger and Eleanor also. I found out about Susan from my Granddaughter Sara who lives in Las Vegas and recently received her teaching degree and will also teach math. I asked her to look up Susan and that's how I found out. We now have lived in Florida for 36 years and wish your family the best inn these sad times.

“ Susan was my friend during our high school years when we worked as lifeguards at Centennial Pool in Nashua, NH. We had a lot of fun together with the pool gang and the occasional swim in the "Lillian's" pool. I do remember she loved basketball and wanted to go to Springfield College - lots of energy. I am so sorry to hear of her passing. Susan Gailunas Gagnon, Nashua, NH

“ Please accept my heartfelt thoughts for your loss. It's been almost 50 years but i knew Sue as a child and I have the fondest of memories. Sue took on one of the more unenviable neighborhood jobs of babysitting the Barrett kids and always did it with a smile. In addition, she taught me to swim at the local public pool, and again with her predictable cheerfulness and encouragement. I'm completely unsurprised to learn of her life as an educator; perfectly suited. Her positive influence has, I'm sure, left indelible marks on all of those that had the great benefit of learning from and knowing her. Most of all I'll remember her cherubic, infectious smile. Sincere condolences, Steve
