### Missing You Always

You never said I'm leaving, You never said Goodbye. You were gone before we knew it, And only God knows why. In life I loved you dearly, In death I love you still. In my heart I hold a place that only you can fill. It broke my heart to lose you, But you didn't go alone. A part of me went with you, the day God took you home.

“ Tammy you were a part of my life since I was young, going back to grade school. You remained a constant presence through many chapters of my life as your 'step daughter'. When I became a mom in '98 and then again in 2012. You were there for me and my sons and for this I have a lot of gratitude! You were there for both of my sons, watching them until school age. They both have soo many memories of you and according to both of your grandsons, you make the best, fluffiest scrambled eggs and buttered toast!! I have yet to make them eggs or toast that beat yours!!

Aside from that, I did have a Mom, but you were my 'stepmom' and even so you loved me, love us all and taught me like skills like how to separate laundry, how to load a dishwasher, and how to properly clean a bathtub "with elbow grease!". Thank you for being you and teaching me life the way you knew it. I love you and you will be missed. You are missed by me, by my sons, everyone else in between and by my dad.

Despite any of the odds we ever had...it simply does not matter and We all are forever grateful for you and hope you are now, finally at peace.
